

## Driving In?

You can park up right outside our head office on Cambray Place. Watch out for the Cheltenham pedestrian zone and one-way system; if you are coming down the A40 into town, head down toward the High Street and onto Bath Road and turn off to Cambray Place from there.

If you are heading into Cheltenham from the M5, it's probably easiest to come off at Junction 11 and head along the A40 into town. Make sure you head towards the Montpellier Gardens, pass them on your left until you come to Bath Road. Head up Bath Road, towards the Town Centre, take a left on Oriel Road and then an immediate right onto Wellington Street. Two lefts at the end of this street and you'll be here!

In both cases, once you've parked up, come in! We are in the building with big blue doors, surrounded by pillars, and we will have a cup of tea waiting for you.

## Love National Rail?

Cheltenham Spa is the train station you'll be heading to, it's a direct line from London Paddington and Birmingham New Street, so hopefully you won't have to make too many connections!

There are a couple of ways into the centre of town from the station. Here they are, listed price-wise:-

### **Taxi - £6 approx**

01242 233885 - Shouldn't take longer than 5-10mins

### **Bus - £1.50 approx**

The bus leaves the station every 10 mins, and takes about 10 mins too, a good money saver. Jump off near the High Street and walk down it until you see HMV. The street opposite is Cambray Place, home of BAM. Find the big blue doors surrounded by pillars, come in and have a well earned cup of tea.

### **Walking - free!**

Walk up Gloucester Road and take a right after about half a mile. You'll walk this road for about another half a mile and you'll stumble upon the beautiful 'promenade'. Cross this and you'll head up Imperial Square to Oriel Road and then you just take a left up Wellington Road, two lefts at the end and you are on our road! Look for the big blue doors on the left. It will take about 30 mins, but it will burn about 110 calories, which will let you have a much needed, guilt-free Kit-Kat.

## Spending Those Air Miles?

Flying into Birmingham International Airport? It couldn't be easier to use the connecting train service. Take the 10 minute train to Birmingham New Street and from there the connecting train is about an hour directly to Cheltenham Spa, then just follow the train guide and you'll be here in no time!
